

Dear Parents, In Children's Worship your child can earn cash & prizes for memorizing God's Word!

- Each child begins with "Set 1" verses. There are four verses in each set.
- Your child may say one or more verses each week from the set they are working on, in any order they choose, maximum of one set (4 verses) per week.
- They need to be able to say the verse(s) from memory. We will prompt a little if they get stuck, but if it's obvious they don't really know it, they will be asked to practice it more and try again next week. If they are saying more than one verse, they need to be said all in one attempt, not returning multiple times to try on the same Sunday.
- When they finish all four verses in their set, they may choose a \$1 bill or a prize and move on to the next set!
- I will continue to make as many Bible Verse Sets as the children need to keep memorizing from 1st-5th grade. The printed verse sets are Holman Christian Standard, but they may say the verses in any version.
- **Bible Verse Challenge!** We have a quarterly competition to add a little more motivation. At the end of each three months, we reward the winners in two categories: **1) Boys vs. Girls** and **2) Individuals** who have memorized the most verses (**1st-3rd place**).

Please help your child by putting the verses in a prominent place to read each day: the refrigerator, a mirror, or in a cute frame. Thank you for helping your child treasure God's Word in their heart so that they may not sin against God. (Psalm 119:11)

It's rewarding to know your Bible Verses!

Love & Blessings,
Mrs. Jill
